NORFOLK

The Norfolk series from W2 Architectural Lighting brings exciting new possibilities in architectural grade commercial lighting.

The many styles of our Norfolk series provides flexibility to complement all types of architectural design. Ceiling mounted, close-to-ceiling and standard drop pendants with six different sizes of decorative bowls are available in both opal acrylic and glass.

Several energy efficient lamp options are available across the entire pendant family. Matching sconces are available to provide a finished look in modern interiors.

The Norfolk series provides boundless possibilities for both custom commercial and residential applications to meet and exceed all expectations of quality decorative lighting luminaires.

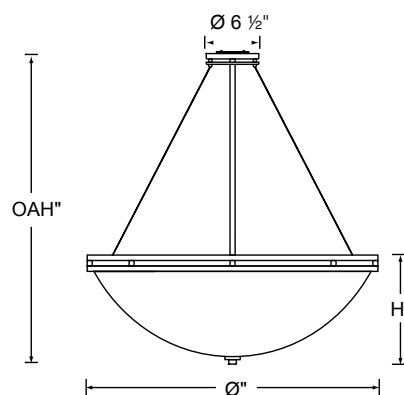

NORFOLK FEATURES

- **NORFOLK PENDANTS** provide comfortable ambient lighting by directing the light upward and diffusing the light downward.
- Ideal for conference rooms, cafeterias, restaurants, libraries, retail stores and large spaces.
- Integral high efficiency electronic ballasts provide instant start and long lamp life.
- Pendants with incandescent lamps come with wire mesh covers.
- Pendants with compact fluorescent lamps come with durable polycarbonate dust covers.
- **DECORATIVE WALL SCONCES** can be used as stand alone luminaires or as perfect complement to pendant and ceiling elements.
- **ADA WALL SCONCES** are designed to meet the requirements of all federal and state disability regulations.
- **QUARTER SPHERE WALL SCONCES** are designed for higher mounting heights where increased light output is desired.
- Incandescent lamps can be dimmed with standard incandescent dimmers. The standard fluorescent ballast is not dimmable.
